## From The President's Desk

Dear Friends and Family,

Wait a second; did I say friends and family? It's been just over three months that you all made us accountable to do good for this lovely little colony called Sarvodaya Enclave. You know what, on 3rd February this year I received a strange text from an unknown number that said "Hello this is Avijit from B-74 Sarvodaya". We would like to meet you regarding wellbeing of the colony. On 26th January, a guy in Churidar Kurta asked for my phone number during an occasion in Community Center. Astounded, I replied back with an apology for not being able to meet as I was leaving for Goa the next morning. But this guy would not give up, he offered to drive me to the airport, he wanted me to be the President of the RWA of this colony. After a lot of arguments and counter arguments I agreed to meet the 'team' on my return. On 7th February within ten minutes of me entering the house from the airport, I found two wonderful ladies, part of my immediate family today, Daksha and Shafali sitting in my drawing room convincing me why is it important for me to help them help the colony. In another two hours a large part of the SAG team was there to extract that difficult 'yes' from me. Do I tell you a secret? Today, I realize that, that evening, it was one of the finest decisions I have ever taken in my life; perhaps at par with some of the international bureaucratic decisions I had to take under the liberty from Advani-ji. The decision that evening got me a large number of family members and friends to live the rest of this life with, family and friends to protect, to help, to grow with, to respect and love.

The dynamic and caring SERWA team kept abreast with the evolving needs of the colony. Roads got repaired, Speed-breakers built, Streetlights changed, Trees pruned, Illegal activities like Alcohol & Drug abuses stalled, DJB pipes repaired, Water-supply streamlined, Back-lanes cleaned and rebuilt; in a manner that felt as if it's just happening automatically. The whole of the colony started celebrating together at every given opportunity. First time in the history our football teams participated in formal inter-colony matches organized by the Hindustan Times and won both the Champions and Runners-up trophies. When we found a health-hazardous telecom tower coming up in the colony, all of us protested together to stall the efforts.

It's indeed a great feeling to be there with all of you, for you, by your side.

## Sarvodaya on the Rahagiri Way

ON SUNDAY MORNING Sarvodayans came together to celebrate togetherness, the way they had experienced Holi celebrations. Sarvodaya on its awakening mood experienced the first ever **Rahagiri Day**, in its Central Park on 15th May 2016 from 7.00a.m. to 9.00 a.m.

Pranic healing, Yoga, Zumba Dance, Cycle Rally brought them together. It was real fun to watch age groups 60+ dancing on the tunes of Zumba with the kids in full swing. No doubt such activities generate the feeling of an enlarged family.

*Congratulations to the organizing team!*

learningbydoing... Congratulations to all class XII students for scoring well and Best Wishes!!
